

## Contact your MSP about Scotland's Climate Change Plan

Nearly everyone in Scotland has an MSP on one of the four committees responsible for reviewing Scotland's draft Climate Change Plan

To find which of your MSPs is involved:

1. **Check which constituency you live in** by entering your postcode on the [Scottish Parliament website](http://www.parliament.scot/msp) (www.parliament.scot/msp)
2. **Find your constituency in the table below** and read across the table to find your MSPs who are working on the climate change plan
3. Finally, note **which committee** your MSPs are in. Each committee is responsible for a different area of the plan (eg. Transport, energy)

Note that the ***MSP names in italics*** are constituency MSPs; this will be the MSP who represents your immediate area. If your constituency MSP (name in italics) is listed, you should meet or contact them as a priority.

If none of your MSPs are listed below, don't worry - you can still contact your local constituency MSP.

*If you have any questions about contacting your MSP, please feel free to call us on 0131 241 2701 or email [caroline@stopclimatechaosscotland.org](mailto:caroline@stopclimatechaosscotland.org) with your postcode and query.*
